

## **Train for a rewarding position in the Mixology Industry**

*In business since 1985, we've built a reputation for turning out highly qualified and expertly trained personnel. We continuously place our graduates in some of the finest establishments in the industry, within days of graduating!*

*For over 30 years, thousands of graduates have been placed in rewarding positions throughout the country as a result of the training that they received at All American Bar & Casino Trainers.*

### **Mixology**

*You will learn to make all the popular Martinis, Shooters, Fancy, and basic cocktails. The instructor will demonstrate and explain the step by step process in preparing each cocktail while you watch. After each demo, you go behind an actual bar and practice making drinks.*

### **Course Objective**

*All American Bar and Casino Trainers Program is designed to provide students with the comprehensive training in all areas of bartending. It is structured for those who have no prior experience in the hospitality industry as well as for those who wish to expand their bartending skills.*

### **Hands-On Training**

*All American Bar and Casino Trainers have several fully-equipped bars for students to train on. Each bar is set up as if you were training on the job, with soda guns, sinks, speed racks, glassware, ice bins and bottles so you will learn by doing. We encourage students to practice as much as they want to improve their skills.*

### **Earning Potential**

*The average earning potential of a professional bartender is between \$20.00 and \$40.00 per hour, including salary and tips. The food and beverage industry is one of the fastest growing markets today.*

*Michigan has one of the highest percentages of bars per capita in the United States. This only amplifies the need for bartenders in our area. As a professionally trained bartender you can look forward to a variety of hours and shifts to choose from.*

### **Free Lifetime Job Placement Assistance**

*All American Bar and Casino Trainers is a training establishment for bartenders in the Midwest. We do not consider our job complete until our graduates are working and earning great money.*

*We have built an A+ reputation for helping our graduates get placed into great and rewarding jobs all over the country.*

*Our Job Placement Director, Mazal, started working with our school over 13 years ago. She has developed a first name basis with bar owners and managers, making placement that much easier!*

***You are guaranteed to be on your first job lead the Wednesday after you graduate.***

***You could be working within a short time after successfully completing one of our programs***

## Our Goal

The goal of All American Bar & Casino Trainers is to provide technical knowledge and real world experience necessary to succeed and excel in rewarding positions in the mixology industry.

Our business thrives on instilling in our students the following four qualities: competence, confidence, proficiency, and a professional attitude. The achievement of which will enable our participants to grow professionally and personally.

Our aim is to create a wealthy resource of reliable, capable personnel that provides the industry with a constant pool of talent.

Proud member of BBB Michigan  
with an A+ Rating

BBB Rating: A+
